

Brooks Bird Club 85th Anniversary Reservation Form

The 85th Anniversary of the Brooks Bird Club Inc. will be held at Oglebay Park's Wilson Lodge as was the case for the 50th and the 75th celebrations. The Oglebay location is where the club began in 1932 and it is fitting that this should be the place to celebrate 85 years of working together for the study of birds as well as all other forms of nature.

Reservations include Friday night reception, dinner, then the Program given by Bill Thompson III of Bird Watchers Digest at 7:30PM. On Saturday, after breakfast, a memorial hike will be held on the Brooks Nature trail located behind the Schrader Environmental Center at 10AM. Lunch and paper sessions will be held in the afternoon followed by the President's Reception with cash bar, banquet dinner at 6:00PM and our guest speaker Lang Elliot of The Music of Nature. Sunday breakfast, then at 9:30AM BBC will hold its annual Membership meeting before everyone packs up and travels home.
